**Subject:** Create a balanced cleanup plan

A big, expensive river cleanup may sound like a good idea. But it isn't.

Instead of creating a cleanup plan that will take decades and require billions of dollars, I sure hope the EPA will consider the impact it could have on the jobs on the river. We all want a clean river but the cleanup should also be a responsible one.

Please do whatever you can to support the river and our health but also to make sure our jobs don't go away.

Sincerely,

(b) (6)
